## **TREASURER**

The treasurer should cooperate fully with the club secretary to coordinate financial responsibilities. Knowledge of bookkeeping and accounting would be an asset to the club treasurer.

Your basic duties are prescribed in the Standard Form for Club Bylaws, Article VI. Duties assigned to the treasurer may vary slightly among clubs. The secretary is responsible for collecting all funds due to the club and for keeping the records of membership fees and dues, unless these responsibilities are delegated to the treasurer.

**ROLE:** Treasurer

**SUPPORTED BY:** President, secretary and board of directors

**ROLE SUMMARY:** Coordinates the collection and disbursement of money. Accurate record keeping is imperative in this position.

### **QUALIFICATIONS:**

A proven leader with the ability to:

- Coordinate all bookkeeping and accounting for the club and keep club accounts accurate
- Manage time
- Work closely with the club secretary and president
- Build relationships with community leaders
- Lead by example
- Facilitate change
- Use Microsoft Office software
- Accounting and/or bookkeeping experience is helpful, but not required.

### **RESPONSIBILITIES:**

- Receive all funds paid to the club and promptly deposit them in the official depositories.
- Disburse funds on order of the board of directors.
- Maintain the club financial accounts and records.
- At all times, make available for inspection by the president, the board or any authorized auditors, the financial accounts and records of the club.
- Make a financial report to the board monthly, at the annual meeting of the club and at such other times as the president or board may require.
- Perform such other duties and responsibilities as usually pertain to such office or as may be assigned by the president or board.
- Prepare and disburse bills to members.
- Reconcile cash accounts on a monthly basis.
- Give bond in such form and amount as may be required by local regulations.
- Prepare for distribution to all members an annual summary statement of income and
  expenditures so they may have a clear idea how funds are used and of the club's financial status
  at the end of the administrative year.
- Guide the board in preparing an annual budget prior to the start of the fiscal year.

### Club accounts

While a club may have the need for several separate accounts, every club has a minimum of two: the administrative account and the service account.

The administrative account is for all administrative expenses of the club. The majority of these funds comes from annual club dues, meeting meals (if applicable) and membership fees from new members. Generally, money from any activity in which only members participate is deposited into the administrative account.

The service account is for the service programs of the club. Basically, the income for this account is derived from fundraising projects in which the public participates or from designated contributions. Article XVIII, Section 3, of the club bylaws stipulates: "Monies received from fundraising projects in which the public participates, or from members or others, for the service activities sponsored by this club shall be segregated from the administrative funds of this club and shall be used only for the charitable, educational, religious and eleemosynary activities of the club." In addition, some fundraising projects in which only members participate, but designated by the board as a service fundraising project, may also go into the service account. An example of such fundraising projects might include 50/50 raffles at a club meeting.

The service account covers expenses for all club service activities, as well as all educational, religious and charitable activities. The service account can also cover expenses associated with sponsorship of a Kiwanis Service Leadership Program (SLP).

| Administrative accounts receive income from:   | Administrative accounts cover the expenses for:  |

#### **Service accounts receive income from:**

- Fundraising projects in which the public participates (may be net of expenses)
- Fundraising projects in which only members participate but are designated by the board as a service fundraising project

### **Service accounts cover expenses for:**

- Club service activities
- Charitable, educational and religious activities of the club
- Expenses associated with sponsorship of a Kiwanis Service Leadership Program
- All or part of the expenses associated with liability insurance

#### Remember:

- Income from fundraising projects in which the public participates MUST go into the service account.
- Administrative and service accounts must be maintained and reported separately.

### **Accounting system**

Accounting systems will differ, depending upon services and equipment available to the treasurer. The club accounting system should meet these requirements:

- Identify all sources of income
- Identify all disbursements
- Be accurate so reports made by the president, secretary and treasurer agree as to the amount of dues received
- Permit the accurate billing of members
- Report the financial standing of each member at any time
- Enable the secretary to prepare a statement of delinquent members for the president or board (such information is strictly confidential)

# **Treasurer**

### **Annual audit**

The bylaws of every club require an annual audit of club accounts. The board of directors names the auditors. This does not have to be a certified audit; a committee of club members may conduct the annual audit.

#### Remember:

- The audit is required by the bylaws of every club.
- Auditors are named by the board.
- The auditors may not include the present secretary or treasurer.
- The auditors may include the incoming treasurer.

#### **Permanent records**

Provision should be made for the books of accounts to be retained as permanent club records until such time as disposal may be permitted by law and authorized by the board of directors.

Every club's permanent records should include: pertinent information on present and former members; lists of officers, directors and committees for each year; official monthly reports; the annual club report for each year; official documents and reports related to club incorporation and, where applicable, to the club's charitable foundation; financial records and reports for each year (canceled checks should be kept for at least seven years); and items that have historical interest such as appropriate correspondence, pictures, newspaper clippings, club publications and the club's charter.

### Remember:

You'll need these tools as treasurer:

- Club checkbook
- Paid invoices file
- Cash receipts file (deposit records)
- Bank statements and reconciliations
- Treasurers reports
- Budget files

### Remember:

- Report club finances monthly and promptly
- Maintain separate reporting for administrative and service accounts
- Reconcile bank accounts monthly
- Give RECEIPTS for funds received
- Require an INVOICE or a CHECK REQUEST for checks written
- Act as cashier at meetings (when needed)
- Provide records for annual audit
- Retain records for seven years
